

Clarity Laser Eye

Our Patient Commitment Program

Patient: _____ Procedure: _____

Following your SMILE/LASIK/PRK procedure at the **Clarity Laser Eye**, we are committed to ensuring that you enjoy great vision for life.

The following defines the parameters of our commitment program:

- You must schedule routine annual eye examinations as advised by your Optometrist to ensure the health of your eyes is monitored
- You must attend all outlined post operative appointments with your Optometrist & use all eye drops as directed by your surgeon
- Your enhancement will be performed utilizing same technology you originally paid for – if updated technology is available you will have the option of upgrading and you will be charged the difference between the two procedures
- Your surgeon will recommend the safest method to perform your enhancement and will discuss in detail with you prior to scheduling
- The enhancement will be performed if deemed medically advisable by our doctors and yours – typically, if your vision falls below legal driving
- Enhancement commitment applies only to SMILE, LASIK or PRK distance vision correction. If monovision is the option you choose for your original surgery and you no longer want it, you will be charged \$500 to enhance it to correct you fully for distance
- Fees may apply for your postoperative care provided by your eye doctor – these fees are not covered by the Clarity Laser Eye.
